Duncan Bowring

He sees his major qualification for the post of Governor as having brought up and supervised the schooling of 7 children, having at one point 6 children simultaneously in different places of education. Jennifer Breen

I am a new parent to the school and a new parent governor. My son started in year 7, in September 2023 and has gone from strength to strength at the school which is a delight to see. Professionally, I work within children's ADHD services locally and before this I worked as a children's nurse in various paediatric A&E's, critical care units and mental health settings all over the North West. I have been a nurse for 20 years and I'm passionate about making sure young people, particularly those who struggle with neurodiversity or mental health difficulties, have a voice and are heard.

I hope to be able to apply my knowledge and experience to the role and well as my lived experience of advocating for my own child with neuro diversity in a variety of settings. I hope to help the children and families of Morecambe Road feel like their voice valued and heard.
